

EASY AND EFFECTIVE COMMUNICATION TOOLS.

Quick & easy communication at your fingertips.

Improve Communication

Effective

Text messages have a 97% open rate. That means those messages are more likely to be seen, and customers are more likely to respond faster and more often.

Never miss a notification

Newly received text message alerts will show up as real-time notifications on your dashboard.

Unique agency phone number

EZLynx provides your agency a unique phone number from which your agency will be able to send and receive text messages – directly from within EZLynx.

Reduce E&O Exposure

Auto-file and save time

Received messages are automatically filed under consumers with matching numbers.

Keep a clear audit trail

Sent and received messages are automatically saved and logged as activities under the corresponding consumer.

Avoid unrealistic expectations

Automatic disclaimers are sent regarding binding coverage via text messages.

Accomplish More

Keep yourself on task

When setting up a task with a due date, you can opt to send yourself a text message reminder.
